Education

2023 — 2026
Collegium da Vinci
Game Development

2017 — 2021
Poznan University of Technology
Mechanical Engineering

Skills

- C#,
- Unity (2D/3D), Git, Visual Studio
- OOP principles, dubugging, UI, events, Scriptable Objects
- Good work organization
- Good communication and interpersonal skills
- Ability to learn quickly
- Gallup's strengths: compliance, impartiality, fixing, analyst, responsibility

Languages

- English - A2

Interests

- Sports, action and RPG games (playing and creation process)
- New technologies (gadgets, game consoles, AI)

Dawid Ziółkowski

Junior Unity Developer

I graduated with a degree in Game Development from Collegium Da Vinci in Poznań. There, I gained experience in Unity programming, game testing, gameplay mechanics, and team collaboration.

Experience

2025 - 2026

Simplicitygames I Rzeszow

Apprentice - Unity Developer

Participating in the "Majster Simulator" project – creating and implementing mini-games and gameplay logic in Unity.
Working with prefabs, UI, and testing functionalities.

2023 - current

Mahle Behr I Ostrow Wielkopolski

Production technician

Solving technical problems
Team collaboration and task planning

2021 - 2023

Nidec Industrial Automation Poland Sp. z o.o. I Poznan

Production technician

Service and repair of CNC machines
Work organization and communication with the team

Activities

School projects:

As part of my studies, I created several Unity projects, including Twisted Gods, which was my thesis project. We also created MechaSurvivor and the mobile game Big Braine Quiz. These projects were all designed to help me understand the entire game development process - from concept to draft. I focused on developing game systems (combat, skill upgrades, enemy waves), implementing a simple user interface, and writing clean C# code. These projects taught me not only how to program but also how to plan work, test features, and find creative solutions.

Courses:

I comleted "C# Programming and game development in Unity" and "C# - Quick Start" courses on eduj.pl, which helped me strengthen my C# fundamentals and gain practical skills in Unity development.

I consent to the processing of my personal data included in my CV for the purposes necessary to carry out the recruitment process (in accordance with the Personal Data Protection Act of 10 May 2018 – Journal of Laws of 2019, item 1781 and in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 – GDPR).
